WELCOME

Welcome to PRIDEFEST 2012. This year's festival is an exciting showcase of arts, culture, politics and the rich history of WA's diverse sexuality and gender community.

This year's theme is Definitions, whether definitions are a good thing that enhance us, or a negative thing that limit us, there is no denying that they are a part of everyday life. This year's festival will explore that while some definitions can add value to our lives, we are bigger than the labels and definitions we are given.

Pride WA is a not-for-profit arts organisation that was established in 1989. Pride has grown to become one of the Perth most diverse and forward thinking organisations. Pride WA has run the festival for 23 years and our mission is to encourage the cultural expression and celebrate, champion and support the rights and freedoms of lesbian, gay, bisexual, transgender, intersex, queer and other same sex attracted people living in Western Australia.

Happy Pride,

Alice-Newport Holden and Paul Van Lieshout Hunt
Pride Co-Presidents

This year's Pridefest signifies an exciting time for Perth's LGBTIQ community, treating us to over a month of broad-ranging activities, from film festivals to live performance, photo exhibitions, theatre, and discussion forums.

Starting with the great family atmosphere of Fair Day and finishing with the Pride Parade through the streets of Northbridge, the festival offers a variety of ways to get to know all aspects of our colourful community.

The City of Perth is proud to be the festival's major sponsor and I very much look forward to celebrating Pride 2012 in the City with you.

PRIDE PATRON NAT RIPEPI

When I was asked to be this year's Pride Patron, my first thought was, really? Me? But I'm just a singer! There are so many other people in Perth who are champions for the LGBTIQ community who would make a far more worthy patron than me. Then after the initial shock wore off, I realised what an honour this is and how truly blessed I feel to be part of such a wonderful community who pride themselves on celebrating diversity, standing up for rights and insisting on equality for all.

I have been involved with the Perth LGBTIQ community for many years and am proud to call them my biggest fans. I wasn't really aware of the impact my music and I have made over the years until recently, when I was diagnosed with stage 4 ovarian cancer and was flooded with so much love and support, especially from the LGBTIQ community. I'm extremely humbled by the fact that some have said they see me as an inspiration. I, however, am inspired by the love I was shown. I can honestly say that I owe my speedy recovery to all the love and support I received from my family, friends and the community.

I have a huge amount of love for the Perth community and I feel truly honoured to be named as this year's Pride Patron.

Nat Ripepi

Nat Ripepi has built a reputation as one of Perth's most solid and hardest working musical exports. She has been performing professionally throughout Australia and also in Europe and the UK for nearly 15 years. During that time she has released critically acclaimed works including her albums Universe and Piece by Piece.

Nat regularly volunteers for many community projects, most recently with the Music Feedback Project which promotes mental health awareness through music.

I'M READY TO ENTERTAIN YOU.
